ABOUT THE COMPANY

Pratham Motocorp is a domestic distribution and supply company in three sectors: automobiles, tractors and construction equipment. We work across five states: Maharashtra, Gujarat, Madhya Pradesh, Chhattisgarh and Uttar Pradesh, through a network of 100+ showroom and group locations.

We help our customers find, buy and keep running the vehicles and machines their work depends on. A farmer buying a tractor, a transporter adding trucks and a contractor hiring a loader all deal with one company that understands their needs and is close to where they work.

WHAT WE DO

We source vehicles and equipment from Indian manufacturers and bring them to customers through our network. We support each sale with spares, accessories and service.

OUR MISSION

To make dependable automobiles, tractors and construction equipment easy to buy and easy to keep working, in every town and district we serve.

OUR VISION

To be a trusted and respected name in automobile, agricultural and construction-equipment distribution across central and western India.

WHAT GUIDES US

Honesty

We say what we have, and we do not promise what we cannot deliver.

Service after the sale

A machine is only useful while it runs.

Local presence

We are close to our customers, in their language and their district.

OUR NETWORK

Pratham Motocorp operates a total showroom and group network of **100+ locations** across Maharashtra, Gujarat, Madhya Pradesh, Chhattisgarh and Uttar Pradesh. For customers, that means a local contact, quicker answers and support after the sale.

DISTRIBUTION CAPABILITIES

Multi-state reach. One company coordinating supply across five states.

Bulk and fleet orders. Support for dealers, fleets and contractors who need volume.

Local presence. Customers deal with a nearby location, not a distant head office.

Sourcing to your requirement. Exact products as per the customer's need.

OUR RANGE

From motorcycles and scooters to tractors, trucks and construction and mining machinery, we bring Indian-made vehicles and machines to customers across five states. 1,353 models are listed in our catalogue, each available on enquiry with prices on request.

Who it is for. Contractors, infrastructure and road builders, quarry and mine operators, and rental and fleet businesses. Spares and tyres are available for heavy equipment, and we support fleet and project buyers who need several machines at once.

BRANDS IN OUR RANGE

The catalogue brings together 35 brands from Indian manufacturers, so customers can compare and choose in one place.

All brand names and trademarks belong to their respective owners. Pratham Motocorp is not the manufacturer of the products listed.

HOW WE WORK

1

ENQUIRY

The customer tells us what they need, in person or through the website.

2

SOURCING AND CONFIRMATION

We confirm availability and details from our manufacturer sources.

3

DELIVERY AND HANDOVER

Through the location nearest the customer.

4

SUPPORT

Spares, service and accessories after the sale.

WHY CUSTOMERS CHOOSE US

CLOSE TO YOU

Over 100 locations across five states, so help is nearby.

ONE PARTNER, THREE SECTORS

Vehicles, farm tractors and construction machines from one company, with one point of contact.

BULK AND FLEET ORDERS

Support for dealers, fleet owners, contractors and institutions.

EXACT PRODUCT, AS YOU NEED IT

Tell us what you want and we source it.

PARTNERSHIP VALUE

Pratham Motocorp offers manufacturers coverage of five states through 100+ locations, a presence across automobiles, tractors and construction equipment, and a customer-first approach to sales and service. We welcome conversations with manufacturers who want dependable regional distribution.

Regional coverage

Immediate multi-state coverage through an established network.

Customer base

Farming, transport and construction customers in one network.

Consistent presence

Consistent presentation of the brand across showrooms and group locations.

Our commitment to partners: honest reporting, careful brand representation, and customer care that reflects well on the manufacturers we work with.

CAN'T FIND WHAT YOU NEED? TELL US.

We source the exact vehicle, tractor or machine to your requirement.
